

- ✓ our mission is to provide a chance for quality education for gifted Roma children and youth from socially disadvantaged families
- ✓ our vision is to create an educated Roma generation who will be able to solve the problems of their community and can positively contribute to the change of society
- ✓ with positive examples of successful young Roma and innovative campaigns, we also fight against discrimination and social prejudice

- ✓ since the creation of the Divé maké program, we have distributed over 650 scholarships through donor support
- ✓ **we helped 90 students to study at secondary schools and 20 at universities**
- ✓ in our program we support children through scholarship from individual donors, through mentoring and through organizing various training sessions and workshops
